ADOLESCENCE LIFESTYLE/ISSUES

Cocaine: The White Lie – 29 Minutes

Survival Guide for Teenagers 15-20 Minute each - Leader Discussion Guide

Tape 1 – Drugs & Alcohol

Tape 2 – Sex & Dating

Tape 3 – Goal Setting

Tape 4 – Our World: The Big Picture

Tape 5 – Depression & Suicide

Understanding the Pressure to Party – 30 Minutes – What parents should know about alcohol, drugs, teen sex & grace

The Life of the Party – 35 Minutes – Becky Tirabassi tells her story of the teenage alcoholism and God's Grace

ABC News Special – on AIDS

Truth, Lies, and Sex Offenders – How They Think, What They Do- 37 minutes, An exquisite little documentary on the duplicity of sexual deviants. Five convicted, incarcerated sex offenders convincingly show how, through denial, blatant lying, and the doing of apparently good works, they are able to cover up their double lives and convince many of us that society is safer than it actually is.

Unfiltered Series – Addresses the most pressing issues that young people face today. We confront their doubts, their fears, their anxieties, and their innermost thoughts. Through humor and drama, Unfiltered holds their attention and prepares them for answers from God's word.

Real Survivors – 24 minutes – follows three extraordinary young people who are real survivors. They have overcome great odds by finding their source of strength in Christ.

Change Hurts – 24 minutes - Stories of young people that have dealt with abrupt changes. Teens will discover a new way of living with change, they will realize that the one thing that will not change is Jesus Christ and His love for us.

Living in a Material World – 24 minutes – Follows a group of teens as they experience homelessness. We will also check in with two missionary teenagers who live and their parents in the Yucatan peninsula.

Just Get Even – 24 minutes - The hurt was so deep, they wanted to get even by running away or even turning to violence. This video helps young people discover how to protect themselves when they are emotionally hurt, it will teach them how to forgive and move on.

You're NOT The Boss of Me! – 24 minutes – Stories of four teens who felt restricted and confined by everyone else's rules. They wanted to rebel so they "fought" for their freedom. Teens will discover that true freedom requires making good choices that reap physical and spiritual benefits.

Stressed Out? - 22 Minutes – Discover how stress can work for you instead of against you. In this video, Carl and Simone explore the issues that impact on stress for teen-agers and young adults.

Dan's Super Slam-Dunk Dinner – 30 Minutes – Fun, Fast-moving character-building

Everybody's Problem! Meth & Marijuana in WA State – 18 Minutes

Life or Meth: What's Cooking in Hell's Kitchen? 12 Minutes

A Cry for Help – 22 Minutes – How to help a friend who is depressed or suicidal

Bible Videos, Continued

The Gospel According to Matthew – Set of 4 tapes, approximately 1 hr each. – The aging Apostle Matthew recalls the remarkable events he witnessed as a young man. As his story unfolds, the centuries melt away and we are intimately involved in the life of Jesus.

The Exodus Revealed – 60 Minutes – Follows the footsteps of the children of Israel on an unforgettable journey of discovery. A journey that reveals physical evidence for the Exodus.

Paul the Emissary – 54 Minutes – In this impressive drama we follow Saul the angry zealot to Paul the emissary of Christ who will pay any price to bring his message to the world.

Candle in the Dark – 97 Minutes – He sailed in 1793 to India with a reluctant wife and four children to bring the message of Jesus. There he encountered so much hardship it is amazing he didn't abandon his mission and go home. But he stayed for over 40 years.

Stephen's Test of Faith – 22 Minutes – Twelve-year-old Stephen is mocked and ridiculed for his faith. But that test leads to a new understanding and inner strength that changes his life.

The Martyrs' Cry – 27 Minutes – Thirteen Sudanese boys are captured by the Islamic Army. Only nine survive to tell their dramatic story...

In the Footsteps of Paul – 3 DVD set – 20 episodes approximately 30 minutes each, study guide and leader's manual

Matthew – Part One, Part Two – DVD- 4 hours - The only dramatization using the actual Scriptures...word for word from the New International Version

Acts – Part One, Part Two, DVD – 183 minutes – The only dramatization using the actual Scriptures...word for word from the New International Version

BIOGRAPHIES

The Great Mr. Handel – 100 Minutes – This story deals with the later stages of Handel’s life, leading up to the composing of his masterpiece “The Messiah.”

Young Tom Edison – 82 Minutes – Mickey Rooney stars as the young boy who grew up to become America’s greatest inventor

Animated Hero Classics – Approximately 30 Minutes – Activity Booklet (Parts of the booklets may be reproduced for classroom use)

Alexander Graham Bell

William Bradford – The First Thanksgiving

Christopher Columbus

Marie Curie

Leonardo da Vinci

Thomas Edison

Benjamin Franklin

Galileo

Joan of Arc

Helen Keller

Abraham Lincoln

Maccabees

Florence Nightingale

Louis Pasteur

Pocahontas

Marco Polo

Harriet Tubman

George Washington

The Wright Brothers

John F. Kennedy – A personal story – 100 Minutes – The pivotal moments of his life and presidency are revisited through archival footage and interviews with famous journalists, Hollywood actors, and White House staffers

CAREER AWARENESS

AWESOME SERIES – (Videos – Approximately 30 minutes)

Airplanes – Buckle-up and sit back as Howard takes you into the fast and exciting world of airplanes

A.T.V.'S – Dune buggies, 3-wheelers, 4-wheelers, motorcycles and more!

Big Rigs – How fast do they go? How much can they carry? How many types of trucks are there? How do they stop?

Bridges – Follow along with Howard as he discovers what the different kinds of bridges are.

Building Construction – Huge cranes, earth movers, and cement trucks are just some of the equipment found at a construction site.

Diggers & Dozers – Climb aboard these massive machines as they dig, doze and move rocks, earth, trees and even snow.

Farm Machinery – Everything from standard work-a-day tractors to old giants, to modern techno-monster machines.

Junior Dragsters – They're fun, they're exciting, they're the newest rage in racing for kids. They're Jr. Dragsters!

Mining – Tag along with Howard as he explores a 100 year old underground iron ore mine that produced over 15 ½ million tons of iron ore!

Monster Trucks – If you've ever seen a monster truck show, you've probably had a lot of questions about the fire-breathing metal giants. They roar to life, leaping cars and crushing them flat

Motorcycles – Visit a motorcycle shop and learn all about what makes a motorcycle go. Then it's off to see crazy custom bikes, and go along for a ride on a real Harley with one of the world's top trick motorcycle riders.

Police Cars – You'll get to check out some of the hottest squad cars around and learn how they help the officers who drive them make a difference in law enforcement.

Race Cars – Have you ever wondered how those race cars go so fast? How those race cars are built? How those race cars run?

Rides – An exciting look at how some rides are put together. Follow along as an entire rollercoaster is assembled right before your eyes

Road Construction – From the roar of a bulldozer to the action of a jackhammer busting through concrete, road construction is exciting and fun to watch.

Ships – Ride on a huge ferry boat full of cars, visit the bridge of a ship and see how it's controlled, and learn many other things about shipboard life.

Space – Watch the first time astronauts waked on the moon, and see the ship that took them there!
And much more

Trains – From the flashing lights and steam whistle, to the clicketyclack of the wheels as they move down the tracks, trains are a beautiful and interesting form of transportation.

I WANNA BE SERIES – (Videos – Approximately 30 minutes)

An Astronaut – Real Space Shuttle Astronauts tell what it is like to go into space

A Fire Fighter – Perfect combination of learning and action, and is guaranteed to thrill kids of all ages.

A Heavy Equipment Operator – Tour a real work site, interview a bulldozer operator, get “behind the wheel” and look at how a big dozer works

A Jet Pilot – Travel to Boeing and see how a real flight simulator works, talk with the men and women who test fly jets, find out what it takes to become a jet pilot

A Paramedic – An excellent look at the real-life drama that plays out daily for a big city paramedic

A police Officer – Kids will find out what it's like to train at the patrol academy, how to drive a patrol car in a high speed chase and how officers cope with the dangers of life on the highway

I Wanna Be Series, Continued

A Race Car Driver – Kids will hear from two of the world's greatest drivers – Danny Sullivan and Maricio Gugelmin – and they might be surprised at what they learn!

A Ship Captain – Tour of a real working Coast Guard Cutter, great interviews with shipboard personnel who talk about life at sea and many special jobs on board

A Train Engineer – Tour of a real working diesel, shows how a train really operates, what it's like to work on one

A Truck Driver – Visit a trucking school, talk to the drivers and instructors, look at trucks being built, look at trucks on the highway

Work with Animals – Go behind the scenes and have a look at the exciting world of animal work, talk with a vet at one of America's major zoological parks, witness work being done on a sick animal

School-to-Work video Series –5 videos, grades 8th, 9th, 10th, (1) Your Potential is Huge! (2) Motivation Positive Attitude (3) The Value of Your Education (4) School Site Learning compared to Work Site Learning (5) Your Career Ladder

CHILD SAFETY

Bully Smart – Teaches your child to effectively use Street Smart’s 4-step personal safety system to deal with bullies.

Stranger Smart – Teaches your children how to stay safe from abductors and molesters.

Close to Home – 94 minutes – contrasts five personal accounts of child sex abuse with the chilling statements of convicted sex offenders

Truth, Lies, and Sex Offenders – How They Think, What They Do- 37 minutes, An exquisite little documentary on the duplicity of sexual deviants. Five convicted, incarcerated sex offenders convincingly show how, through denial, blatant lying, and the doing of apparently good works, they are able to cover up their double lives and convince many of us that society is safer than it actually is.

EDUCATIONAL

Learning About Colors – 30 Minutes

Learning Punctuation! – 30 Minutes

Learning Your Vowels – 30 Minutes

Keyboarding for Kids

A Walk in Your Shoes – Disabilities awareness teaching kit

Kids on Mission Vol. 1 & 2 – Discover nine action-packed mission adventures for children that include leader’s resources and suggested activities for any size group

Super Size Me – Grades 6-12 – Morgan Spurlock unravels the American obesity epidemic by interviewing experts nationwide and by subjecting himself to a “McDonald’s only” diet for thirty days straight.

ENTERTAINMENT

The Amazing Panda Adventure – 85 minutes – Ten-year-old Ryan Tyler is far from home, but that no longer matters. His trip to China to visit his father, director of a preserve for endangered Giant Pandas, has turned into the most exciting time of his life!

The Buttercream Gang - 95 minutes – Good kids, small-town fun, and unconditional love for a struggling friend

Dravecky – A Story of Courage and Grace 60 Minutes –Nine months after the removal of cancer from his left arm, Dravecky returned to the mound to pitch eight electrifying innings for the San Francisco Giants, leading them to victory

A Girl of the Limberlost – 105 minutes – A beautiful evocation of life in the early 1900s and a young girl's coming of age in the rural Midwest

Martin The Cobbler – 27 minutes – Martin lives alone, is very sad and has given up on life. His wife and only son have died, and he is angry at God as well as the neighboring townsfolk. As the story develops we see how the Lord comes to Martin and how he recognizes the lord in the most surprising ways.

Miracle at Moreaux – 58 minutes – It would take love, courage and more to save the children from Nazi oppression

The Rogue Stallion – 96 minutes – A tale of courage, triumph and a young girl's love for a horse

Secret of Treasure Mountain (Butter Cream Gang) – 90 minutes – Discovering part of an ancient Spanish treasure map, young Eldon Flowers dreams of finding gold. Eldon must often make difficult decisions that help him discover much more than gold.

The Seventh Brother – 76 minutes – An animated treasure filled with love and faith, kindness and courage

Words By Heart – 106 Minutes – The inspiring story of a courageous family. At the turn of the century, Lena Sills, a 12-year old African-American girl, moves with her family to an all-white community in Missouri.

Friendship's Field – 94 Minutes – A place where kindness triumphs over differences

Danny – 90 Minutes – With love and hard work, Janie learns what it really means to be a champion. Janie loves the horses she takes care of and dreams of owning her own one day.

Keeping the Promise – 91 Minutes – Though he's only 13, Matt intends to fulfill his promise to protect their new homestead until his father can return with the rest of the family.

No More Baths – 94 Minutes – “Am I my brother's keeper?” To 10-year-old Keagan, this isn't a question but a way of life. After learning to help others by watching his parents work as legal-aid attorneys in his youth, Keagan puts his lessons to good use by watching out for his aging neighbor Jake.

Home Beyond the Sun – 93 Minutes – This is a story of two girls, Jenna a 22-year old American teacher and the other Chu Lee an eight-year old Chinese orphan. Together, with the help of the Lord and the guidance of His Word, they overcome the adversity of prejudice, persecution, and political oppression to find solace and protection in the bosom of a Christian family.

Adventures in Odyssey – Go West Young Man – 30 Minutes – Loaded with laughter, excitement and a timeless moral message for viewers of all ages.

MARKETING

“The Reason We’re Here” - 18 Minutes

Little Hands - 19 Minutes

Safe & Sound

MATHEMATICS

The Challenge of the Unknown - 144 Minutes - Seven programs about mathematics and problem solving

Learning Your Numbers - 30 Minutes

Decimals To Be Exact - Part one - 20 Minutes - Develops the concept of being exact when measuring or counting

Decimals To Be Exact - Part two - 20 Minutes - Explores the concept of place value to the right of the decimal point

Fractions And All Their Parts - Part I - 23 Minutes - Describes what fractions are and why they are useful, Grades 4 and up

Fractions And All Their Parts - Part II - 22 Minutes - Illustrates the concepts of equivalent fractions and how to simplify fractions, Grades 4 and up

Fractions And All Their Parts - Part III - 22 Minutes - Covers the addition and subtraction of fractions and mixed numbers

All About Angles - 18 Minutes - Explains what angles are, what degrees are, how angles are measured and why angles are useful, grades 4 and up

What Is Area? - 26 Minutes - Covers the concept of measuring area with square units, Grades 4-9

The World of Circles - 24 Minutes - Defines a circle and its parts, Grades 4-9

What are Variables? - 15 Minutes - Shows how to express simple problems in the form of “mathematical sentences,” and introduces the idea of using a symbol to hold a place for a value

The Pythagorean Theorem - 16 Minutes - Reviews the definition and applications of a right triangle and demonstrates how to manipulate the Pythagorean theorem to find the length of any side of a right triangle when the lengths of the other two sides are known

Which Way is Minus? – 15 Minutes – Introduces and develops the concept of negative and positive. The idea that mathematics exists to describe the physical world is reinforced.

MISCELLANEOUS

Building the Dream - 26 Minutes - The making of a Boeing jetliner

Alicia Appleman-Jurman at Ricks College, Idaho – Survivor of the Holocaust

Norman Rockwell’s World – 30 Minutes – The film uses archival footage, dramatic reenactments, and the artist’s work, to show how Rockwell recorded the world around him and reflected the aspirations and concerns of a whole generation.

The Story of David Ring – You’ve never heard a speaker like David Ring – “I Have Cerebral Palsy-What’s Your Problem?”

MUSIC

Bach’s Fight for Freedom – 53 Minutes – An independent-minded young boy reluctantly becomes assistant to the frustrated young composer Johann Sebastian Bach.

Beethoven lives Upstairs – 52 Minutes – A young boy is distrustful of the eccentric composer who has moved in upstairs, but he eventually comes to appreciate the musical genius.

Bizet’s Dream – 53 Minutes – A 12-year-old Parisian girl takes piano lessons from Georges Bizet as he anguishes over his life and his latest opera.

Handel’s Last Chance – 51 Minutes – A Dublin street kid finds himself selected as a choir boy for George Handel’s first performance of “The Messiah”.

Liszt’s Rhapsody – 49 Minutes – The dashing Franz Liszt takes on a young gypsy boy as a music student and finds his own work transformed by the experience.

Rossini’s Ghost – 52 Minutes – A nine-year-old girl witnesses Giaocchino Rossini’s efforts to salvage his seemingly cursed new opera.

Strauss: The King of Three-Quarter Time – 51 Minutes – A 10-year-old boy takes a job as a stableboy and horse trainer for the great composer Johann Strauss Jr.

NATURE/SCIENCE

The Wonders of God's Creation (3 tapes)

Planet Earth - 65 Minutes

Animal Kingdom - 66 Minutes

Human Life - 62 Minutes

Evidences - The Record of the Flood - 45 Minutes - Beautiful location photography shows you the marks of an ancient catastrophe, while high-tech animation shows you how it happened.

The Magic of Cells - 20 Minutes - Using live action video and sensational computer animation, this video introduces the viewer to the amazing world of the cell.

The Greenhouse Effect - 16 Minutes - Develops a fundamental understanding of the greenhouse effect on earth, and provides insight into the ongoing scientific and public debate over global warming.

How Animals Move - 30 Minutes - Explains the muscle structure and special body adaptations of numerous animals.

Planets of the Sun - 30 Minutes

Penguins - 30 Minutes

Dolphins Our Friends from the Sea - 30 Minutes

The Duckbill Platypus - 30 Minutes

Elephants and Other Unusual Animals - 30 Minutes

Reptiles - 30 Minutes

King Penguins - 60 Minutes

Mysterious Herds of the Sudan - 60 Minutes

Creatures of the Sea - 30 Minutes

The Great Barrier Reef - 30 Minutes

Ocean Life - 30 Minutes

A Home for Pearl - 70 Minutes - About wildlife habitat - divided into four parts so that each part can be viewed as a separate unit, with supplementary activities provided in the guide

Pandas - 60 Minutes - Off-screen, actress Debra Winger is driven by a spirit of adventure. Now her quest with her 8-year-old son, Noah, is to journey across China in search of one of its rarest and most vulnerable species the giant panda. They cross a landscape of physical and spiritual wonder to come face to face with a wild panda.

Denali - Alaska's Great Wilderness - 60 Minutes - The Indians called the frozen peak of this great Alaskan mountain range Denali, or "the high one." Most know it as Mount McKinley.

Namib - Africa's Burning Shore - 60 Minutes - The searing Namibian desert and the frigid Atlantic sea meet along this 1200-mile strip of land off the southwestern coast of Africa. You will be surprised by many of the creatures who call this desiccated landscape home.

Patagonia - Argentina: Life at the End of the Earth - 60 Minutes - A boundless Eden so daunting and savagely raw that humanity just left Nature to fight it out alone. And so it remains today, untouched and primeval, a strangely alluring realm of wild extremes and bizarre creatures.

Australia's Great Barrier Reef - 60 Minutes - One of nature's most monumental undersea events is captured on film in spectacular detail

Australia's Kangaroos - 60 Minutes - Discover what Australia's beloved kangaroo is really like as National Geographic takes you from lush rain forest to rugged outback for an up close encounter with kangaroos and the spectacular land down under

The Vanishing Prairie 60 Minutes - The American prairie. A wondrous expanse teeming with life and vitality before the arch of civilization all but destroyed it. Disney photographers use ingenious and innovative techniques to capture the magic of nature remaining on the prairie.

The Living Desert - 69 Minutes - Incredibly desolate...yet beautiful. Although first glance reveals little more than stones and sand, this land is alive! With moving rocks. Spitting mud pots. Gorgeous flowers. And the never-ending battle for survival between desert creatures of every shape, size and description.

Secrets of Life - 69 Minutes - Survival and reproduction. Two dilemmas confronting every form of life on this planet. How are these problems solved by microscopic organisms? By marine creatures? Insects? Plant life? What causes the restless Earth to continually shape and reshape itself?

Nature/Science, Continued

Moody Science Adventures

- Treasure Hunt (Animals Move & Eight-Legged Engineer)** – 30 Minutes – Have you gone treasure-hunting lately? All you have to do is step outside your front door and you'll find a treasure trove filled with all the wonders of God's creation!
- Flying On Winds of Beauty (Machines of Beauty & Somewhere Out There)** – 30 Minutes – From the small detail of butterflies and seeds to the grandeur of our enormous universe, this video invites you to worship God for the wonder of the creation He designed.
- The Clown-Faced Carpenter (Journey to the Stars & Water Water Everywhre)** – 30 Minutes – From a hard-working woodpecker to the vast expanse of stars and water, this video invites you to find out how big your Creator really is.
- The Power in Plants (Busy As a Bee & It's a Small World)** – 30 Minutes – These powerful plants, hard-working bees, and a complex drop of water point to one thing: the creations of our God are truly awe-inspiring!
- The Long Journey (Streams of Life & Life on the Move)** – 30 Minutes – From the journey of a salmon, to the blood stream and the life of a seed, this video invites you to worship God for the wonder of the creation He designed.
- The Wonder of You (A Mystery Story & A Matter of Taste)** – 30 Minutes – The complexity of the human body. A caterpillar transforming into a beautiful butterfly. The eating preferences of animals. In showing you the secrets behind all of these wonders. We point you to the greatest wonder of all: our Creator God and His love of us.
- The African Lion – 72 Minutes** – Set in the shadow of magnificent Mount Kilimanjaro, this timeless and captivating film captures the sights and sounds of the African plateau region and all of its inhabitants.
- White Wilderness – 72 Minutes** – White. The color of bleakness. And nothing in the world seems as bleak as the icy cold wilderness of the Arctic region. Wondrous scenes of spectacular landscapes and true-life adventures of native wildlife, including walruses, polar bears, lemmings and vicious predators.
- Evidences II The Tale of a Trilobite – 43 Minutes** – Interpretations of the fossil record from the perspective of Creation.
- Alaska's Deadly Volcano – 50 Minutes** – Discover the story of one of the largest volcanic eruptions in human history, visit Katmai National Park which contains the highest density of brown bears in the world
- King Cobra – 60 Minutes** – Through rare and extraordinary footage, National Geographic film-makers let you follow the King Cobra on its journey through the Indian rain forest seeking food and a mate. You'll watch transfixed as rival males perform a ritualized dance for domain... and a mother shields her nest from predators and a raging monsoon.
- Braving Alaska – 60 Minutes** – Experience life in America's last frontier
- *Antarctic Wildlife Adventure – 76 Minutes – DVD** National Geographic – Set sail with an extraordinary family as they spend an Antarctic summer studying isolated colonies of penguins. They document the fascinating life cycles of various penguin species, as well as battle elephant seals, massive humpback whales, and other intriguing creatures that inhabit this starkly beautiful realm.
- *The Hidden World of Africa – Explore the Wildlife Kingdom Series – 50 Minutes – DVD** – Barely visible to the human eye, a truly fascinating universe lives in the bush and savannas of Africa. Here, creatures small, smaller and nearly invisible share a world with gigantic animals. Usually overlooked, often feared and despised, theirs may be a small world, but it's an important one.
- *Lions Kings of Africa – Explore the Wildlife Kingdom Series – 50 Minutes – DVD** – No film has ever captured the true nature of the king of beasts like LIONS: Kings of Africa. Wildlife cinematographers spent an entire year living among a lion pride in the Ngorongoro Crater in Northern Tanzania where three generations – cubs, adolescents, and leaders – revealed their fascinating royal lives.
- *Wildebeest The Great African Migration – Explore the Wildlife Kingdom Series – 50 Minutes – DVD** – The great wildebeest migration from the Masai Mara National Reserve in Kenya to Tanzania's Serengeti National Park is a spectacle of life and death witnessed by few humans...until now. Baron Hugo van Lawick who made the Serengeti his home for over 25 years, filmed this remarkable epic of survival – the greatest migration of land animals on the planet – in vivid, riveting detail. At the start of the migration the wildebeest herd is one and a half million strong. But the journey is plagued with predators. But just like every year, the wildebeest complete their great African migration while birthing an incredible half a million young along the way.
- Amazing Journeys - 106 Minutes – DVD** – Experience some of nature's most incredible spectacles as millions of creatures undertake extraordinary journeys of survival. The life-and-death dramas of monarch butterflies, migratory birds, majestic gray whales, red crabs and migrating zebras are powerfully chronicled in Amazing journeys.

Nature/Science

Alaska Spirit of the Wild – 40 Minutes – DVD – Witness the spirit of the wild in the thundering stampede of the caribou, the beauty of the polar bear, the stealthful, deadly hunt of the wolf pack and the majesty and resiliency of life itself in wild Alaska.

Ring of Fire – 40 Minutes – DVD – Ring of Fire takes you heartstoppingly close to the great circle of volcanoes and seismic activity that rings the Pacific Ocean. It is the story of these immense volcanic forces and the half-billion people that coexist with them every day around the fiery boundary of the Pacific Rim.

Incredible Creatures that Defy Evolution I – 50 Minutes DVD – Are there really creatures that produce fire to defend themselves?, How does a giraffe get a drink without causing lethal blood pressure to his brain?, How can Geckos walk upside down, even on glass and not fall?

Incredible Creatures that Defy Evolution II – 50 Minutes DVD – How certain birds can navigate over thousands of miles of ocean and never get lost?, How fireflies and glowworms can create pure light that generates no heat?, How great whales can dive to the bottom of the ocean without the pressure causing them to implode?, How some creatures can be cut in half and still regenerate themselves, even grow a new head?

Incredible Creatures that Defy Evolution III – 80 Minutes – DVD – What kind of bird can kill a lion with a single kick?, How some dogs can know a storm is brewing before it appears, or can sense when their masters are about to experience a seizure?, Which creature perplexes scientists because of its amazing ability to heal itself even when it sustains horrendous injuries?, How Emperor Penguins can go two and a half months without eating or drinking?

Dolphins Tribes of the Sea – 50 Minutes – DVD – Probably no other sea animal has captured our affection and attention like the dolphin. Its intelligence and athleticism has fascinated observers for years. Dolphins seem to exhibit a friendly willingness to cooperate with humans...something very rare in the wild animal kingdom.

Tropical RainForest – 50 Minutes – DVD – Featuring the birds and primates of the forest canopy and insects of the forest floor, Tropical Rainforest also shows the adventure of researchers challenged to understand the forests even as they disappear. From extreme close-ups to tree-top panoramas, the film lets you experience the forest on its own terms, to better understand and appreciate the treasures of this environment.

Beavers – 70 Minutes – DVD – Take an intimate swim with BEAVERS and experience the rich aquatic habitat of one of nature's greatest engineers. Set in the pristine forests and lakes in the heart of the Canadian Rocky Mountains, this film follows the lives of a family of beavers as they grow, play and transform the world around them.

Audubon Society's Video Guide To Birds of North America

Tape I – 94 minutes - 116 species of loons, grebes, pelicans and their allies, swans, geese and ducks, hawks, vultures and falcons, and the chicken-like birds

Tape II - 78 minutes – 105 species of water birds, including herons and egrets, cranes, shorebirds, gulls, terns and alcids.

Tape III – 61 minutes – 77 species of pigeons and doves, cuckoos, owls, nighthawks, hummingbirds and swifts, trogons, kingfishers and woodpeckers.

Tape IV – 75 minutes – (Songbirds I) 98 species of flycatchers, larks, swallows, crows and jays, titmice and chickadees, nuthatches, creepers, wrens, thrushes, waxwings, shrikes, thrashers and vireos.

Tape V – 80 minutes – (Songbirds II) 109 species of warblers, orioles and blackbirds, tanagers, grosbeaks, finches, buntings and sparrows.

Roger Williams: Freedom’s Forgotten Hero – 45 Minutes & Study Guide (2) – The story of the ensuing struggle between the Puritans and Roger Williams

Pearl Harbor – The Eyewitness Story

The Pearl Harbor Child Shares Eyewitness Stories of the Pearl Harbor Attack!

Yellowstone – 32 Minutes DVD – Whether soaring over a snow-capped mountain, climbing into the heart of a steaming geyser, or standing in the shadow of a two-ton bear, you’ll do things you couldn’t otherwise do. While watching Yellowstone, you’ll see things no tour guide can show you.

Lewis & Clark Great Journey West – 40 Minutes DVD– Relive an amazing tale of discovery and exploration in “Lewis & Clark: Great Journey West,” as national Geographic brings to life the first crossing of what would become the United States. With careful research and meticulous re-creations, this scientific expedition lives again on your television screen.

Parks for Kids – 140 Minutes DVD – Games & Puzzles – All about our National Parks and Monuments plus stories of our country

The Presidents – 3 DVDs approx. 6 hours – The lives and legacies of the 43 leaders of the United States

Pioneer Life for children – 3-Volume Set – 23 Minutes each – Grades K-4

Daily Pioneer Life – Learn about the difficulties of daily life in the settlements, from cooking in a log cabin to tending animals on a cattle drive. See how geography affected the economy and settlement patterns of this nation ranging from “Wild West” boomtowns to the founding of San Francisco as a major seaport, and discover why the term “pioneer spirit” is used today to mean great courage and determination.

The Pioneer Journey Westward – In the mid-1800s, thousands of American pioneers traveled over 2,000 miles on overland trails to claim land and make new communities in the U.S. frontier. Learn how pioneer families made their decision to move and how they prepared for the long journey west. Visit everyday life on a wagon train on the Oregon Trail as the pioneers cross hazardous rivers, encounter severe weather and see majestic landmarks. Join them for dinner around the campfire, and celebrate the strength and spirit of the American pioneer.

Westward Expansion in the U.S. – In the late 1700s to 1800s, the continental U.S. grew in size from only 13 Colonies in the East to stretch across the continent to the Pacific Ocean. Follow events and historical figures during the Westward expansion. Learn how the Louisiana Purchase and the Gold Rush encouraged the exploration and settlement of the U.S. frontier, and find out how individuals like Daniel Boone and the relationship between settlers and the Native American population impacted the growth of the nation. See how the development of transportation transformed the West and how the courage and determination of the pioneers laid the foundation for the country we live in today.

STUDY HABITS

Where There's a Will There's an...A - A step-by-step training program to help students achieve higher grades. Teaches students to learn more in less time with higher retention.
